Consensus Recommendation: 03-03

Title: Request for Draft Site-Wide Cleanup Scope Proposal

Background:

At the May 8, 2003, Long Range/Strategy Stewardship Task Force meeting, Board members learned the Department of Energy was working toward a September 15, 2003 deadline for the resolution of the site-wide cleanup scope for the Paducah Gaseous Diffusion Plant.

Concern:

The CAB is concerned that the draft proposal will be presented to the regulators for consideration without any input from the public sector.

Recommendation:

The Board requests that DOE provide a copy of the draft proposal related to the PGDP Site-Wide Cleanup Scope to the Board concurrently with the regulators in order to facilitate public involvement before the plan is finalized.

Approved by Consensus May 15, 2003
