---

Thanks to your generous response during the Medic Blood Drive on May 7, 2003, we collected 34 units of blood! Individuals who donated blood on this date will receive the results of their cholesterol screening test in the mail in approximately 4 weeks.

All donors and family members claimed as dependents for income tax purposes will receive replacement coverage for 1 year from the date of each donation. In addition, blanket coverage will continue for all Federal employees and their families.

Questions about the Blood Donor Program should be directed to Iris Housley, RN, COHN-S, at 576-0682.
