

NATIONAL FIRE PREVENTION WEEK

OCTOBER 5-11, 2008

On October 2, 2008, the American Red Cross and the National Fire Protection Association (NFPA) released results of a survey showing the majority (79%) of Americans are concerned about the rising cost of heating their homes and many will use an alternative heating source to reduce their bills this winter.

In support of Fire Prevention Week, the Oak Ridge Office will have a Fire Safety Drawing. Employees can enter the drawing by going to www.nfpa.org and clicking on the "Prevent Home Fires" icon. Complete the home inspection checklist and the online quiz located on the web page. Submit a copy of the completed forms to Federal Office Building Room 2205 or FAX to 865-576-3725 no later than October 14, 2008. The winner will be announced at the next All Hands Meeting on October 22, 2008.

As we head into what is likely to be a very costly heating season, let us take advantage of the information provided as part of Fire Prevention Week. We all need to take simple steps to protect our families from home fires and to keep them safe and warm this winter.

LET'S GET FIRED UP FOR SAFETY AND PREVENT HOME FIRES !!!!
