

ORO's first Safety Fair was a great success! Approximately 300 individuals visited the safety booths and had a very educational day. There was a lot of hard work and innovative ideas which went into each of the booths and each organization should be very proud of their efforts.

The votes for the best Safety Booth were very close, but are now counted, and it's time to present awards for First, Second and Third place in the categories of Most Innovative, Most Fun, Most Informative, and the Most Safety Spirit.

ORO Manager Gerald Boyd will present the plaques and certificates on Thursday, May 14, 2-2:30 p.m., in the B Rooms of the Federal Building. All federal and support contractor employees are invited to attend. Hope to see you there!
