

The Office of Information Resources, MA-90, is providing a survey for all interested DOE employees to provide feedback in specific areas in the Departmental Directives Program. The areas of concentration are for your opinions on directives development and the online tool used for review and comment (RevCom). This information will help determine the current levels of operability and any improvements or enhancements needed. This survey should take 15 minutes. The survey is available at http://www.surveymonkey.com/s/directives_survey_2011 until July 18, 2011.
