

A fox has been spotted several times in the vicinity of the southeast entrance (Home Depot side) of the Joe L. Evins Federal Building. Please be alert in this area so you will not be startled. General information on foxes in the Tennessee area can be found on the Tennessee Wildlife Resources Agency at the following locations:

- <http://www.tennessee.gov/twra/grayfox.html> (Gray Fox)
- <http://www.tennessee.gov/twra/redfox.html> (Red Fox)

We suspect the fox may have a nearby den and the Facility Management office is working with the Tennessee Wildlife Resources Agency. The animal does not appear to be sick or especially aggressive; however, please do not approach or attempt to feed this animal. Report any concerns or issues related to this or other wildlife at the Federal Building (FB) Complex (FB, 2714, 1916, etc.) to the Facility Management office on 576-0586.
