## DOE INTEGRATED SAFETY MANAGEMENT CONFERENCE

The DOE Integrated Safety Management (ISM) Conference is being held in Augusta, Georgia, September 13-17, 2010.

Attend and participate in the latest on ISM best practices, lessons learned, and current initiatives for improving ISM and Safety Culture at DOE/NNSA facilities. Topics include: employee involvement; worker health, wellness, and safety; quality assurance; and environmental sustainability and feedback/improvement. Over 100 abstracts are expected to be presented as well as keynote speakers, vendor booths, and informative panel discussions.

The 2010 Champions Workshop gives us the opportunity to leverage ISM as we build Pathways to New Missions.

Abstracts are being accepted until June 24, 2010. Submit your abstracts now.

Early registration closes June 24, 2010.
