

Please note the following dates scheduled for testing fire alarms:

- October 27th – 1916 Buildings
- October 28th – Federal Building and 2714 Complex

Alarms will sound beginning at 6 p.m. for an extended period of time. Hearing protection will be available for anyone working in the building during the test; however, we recommend that you schedule around this testing if possible. If you have any questions, please contact the Facility Management Office on 576-0586.
