

FOOD DRIVE

Hopefully, each of you has heard about the Feds Feed Families campaign taking place in the Oak Ridge Office. This campaign is dedicated to replenishing local food banks, in our case, the Second Harvest Food Bank of East Tennessee.

The Oak Ridge Office has agreed to participate by providing food donations to Second Harvest for the 200,000 hungry, impoverished people of our area. To show our commitment, ORO set a lofty goal of 8,000 pounds.

Scale to thousands

To date, we have gathered around 1,900 pounds. Although this is an impressive amount, Friday will mark the halfway point in the campaign, and we are behind our goal.

We truly appreciate the generosity each of you has shown, but we believe we can do even better. **Please encourage your co-workers, organizations, and divisions to donate food to this worthy cause.** In doing so, know that you are truly helping the less fortunate.

As a reminder, collection barrels are located in the Federal Building, 2714 break rooms, IG's Office, and OSTI. Cases may be placed in Room

1202 of the Federal Building. If you need assistance carrying your donations into the building, please call 241-9566.
