

## **Online Learning Center (OLC2) Login Page - A New Look for 2010**

The Office of the Chief Human Capital Officer is pleased to announce a new enhancement to the Online Learning Center2 (OLC2) <http://olc2.energy.gov>

In an ongoing effort to provide our customers with better service and enhancements, customers accessing the OLC2 will be greeted by a new login screen.

Your Learner ID and Password will not change. Single sign-on from ESS to OLC2 for Federal employees only is still available.

The OLC2 provides the training tools you need to excel within the Department. With a variety of safety, project management, business skills, finance, computer desktop and Information Technology courses in the OLC2, you can easily complete a course that will satisfy training and development needs while saving money on travel and training costs. The OLC2 allows you to take courses at your leisure or schedule many courses at a time. Whether at your desk, at home, or on the go, the OLC2 is available 24 hours a day, 365 days a year from any internet enabled location. Be prepared for additional enhancements and improvements to the system.

Please direct your questions, comments and suggestions to the OLC2 Helpdesk at 202-586-3607 (8:00 AM – 5:00 PM EST), or [energyolc@hq.doe.gov](mailto:energyolc@hq.doe.gov). We appreciate your feedback as we continue to improve the system to work better for you.
