

Weather permitting, OSTI will perform periodic maintenance on the paved parking lots the weekend of June 22<sup>nd</sup>, and if necessary the weekend of June 29<sup>th</sup>. Work will include patching cracks, resealing, and restriping. During this work the paved parking lots will be closed and access to the facility limited. If emergency access to the building is required during this time, please contact Facility Operations at 388-4682.

All vehicles, including government vehicles, will need to be relocated to gravel parking along warehouse road or the fenced overflow parking by building 1916-T2 by 6:30 p.m. Friday night (June 21). The paved parking lots will be reopened at approximately 5:30 a.m. Monday morning (June 24<sup>th</sup>).
