## ANNOUNCEMENT

OR 3910

October 20, 2000

### **SUBJECT: LUNCH AND LEARN SEMINAR - A BREAST CANCER UPDATE**

Breast Cancer is the second most common cancer among women. It is the second leading cause of cancer death in women, and the leading cause of cancer death in women ages 40-45 years old.

Karen Wilken, Registered Nurse, Oncology Nurse Director at Methodist Medical Center (MMC); Brenda Morris, Clinical Nurse Specialist in Oncology at MMC; and a representative from the Oak Ridge Breast Center will present a Lunch and Learn Seminar on new treatments and diagnostic methods for breast cancer. New trends in the incidence of breast cancer in all cultures and races will be discussed.

The seminar will be held in the Assembly Area of the Office of Scientific Technical Information building on Thursday, October 26, 2000, from 11:45 a.m. until 12:30 p.m.

All Federal employees, contractors, and visitors are invited to attend. If you have any questions, please contact Iris Housley, RN, COHN-S, at 576-0682 or Dana Hatmaker at 576-5973.
